

DAS

Digital Acuity Screener

Digital Clarity. Digital Accuracy. Digital Efficiency.

The DAS system is designed around the latest in Android technology. Low power consumption, monitor flexibility, fast, sharp, concise graphics and an endless amount of media power are contained in a computer the size of a large thumb drive. Dual monitor system allows you to also see chart on an Android pad.

The DAS system has all the most popular acuity tests at a price that is almost half the most popular brand sold today.

\$1295

SKU #3910066

**Simple to
Program.
